Alliance spot black 38W 3000K

Alliance Track lights have a very compact design thanks to their built-in driver. They are therefore less disturbing when they are used in retail spaces, shop windows or showrooms. However, the light performance is their greatest asset. The optical lens ensures an optimum light beam and very low glare.

38 W 230 V IP 20 CCT 3000K 4200 lm CRI >90

Reference	TT383137B
Height	199 mm
