

Moon Premium Wall black

This new generation of LED can be used in the most demanding environment; porches, terraces, parking garages or sports halls. They have a high impact resistance (IK10), are waterproof (IP65) and can be dimmed. The quality design speaks for itself: a seamless housing with a silky smooth surface. The opal plexiglass ensures an even light distribution.

12W 230V IP65 CCT3000K 1000lm CRI>80 PF 0,96

Reference	MNPW25012B
Diameter	250 mm
Height	58 mm
Material	Aluminium
Colour	black RAL 9005
LED	SMD 2835
CCT	3000K
Lumen	1300 lm
LED current	150 mA
CRI	>80
IP	IP65
Power factor	0,96
IK	IK10
!	Triac dimmable
Energy label	D

Remarks

- LED driver incl.
