

Xline
by UNI-BRIGHT®

Xline™ combines a beautiful design with superior illuminating properties.

The aluminium profiles and recess spots are fitted with the very compact Osram Square leds from Osram, creating a superb light beam. The variants that provide a uniform light distribution are equipped with Luxeon leds from Philips.

Fixed lengths with built in driver are available for easy use in many standard applications.

A high degree of flexibility in projects is offered with a series of modular connecting profiles and corner profiles.

Surface mounting, recess, and pendant applications can perfectly be combined to the needs of the customer.

The recommended areas of application range from offices and workspaces to living spaces, as well as shops.

Product data

architectural design

compact 32° reflector with Osram leds or Striplight with Philips smd-leds

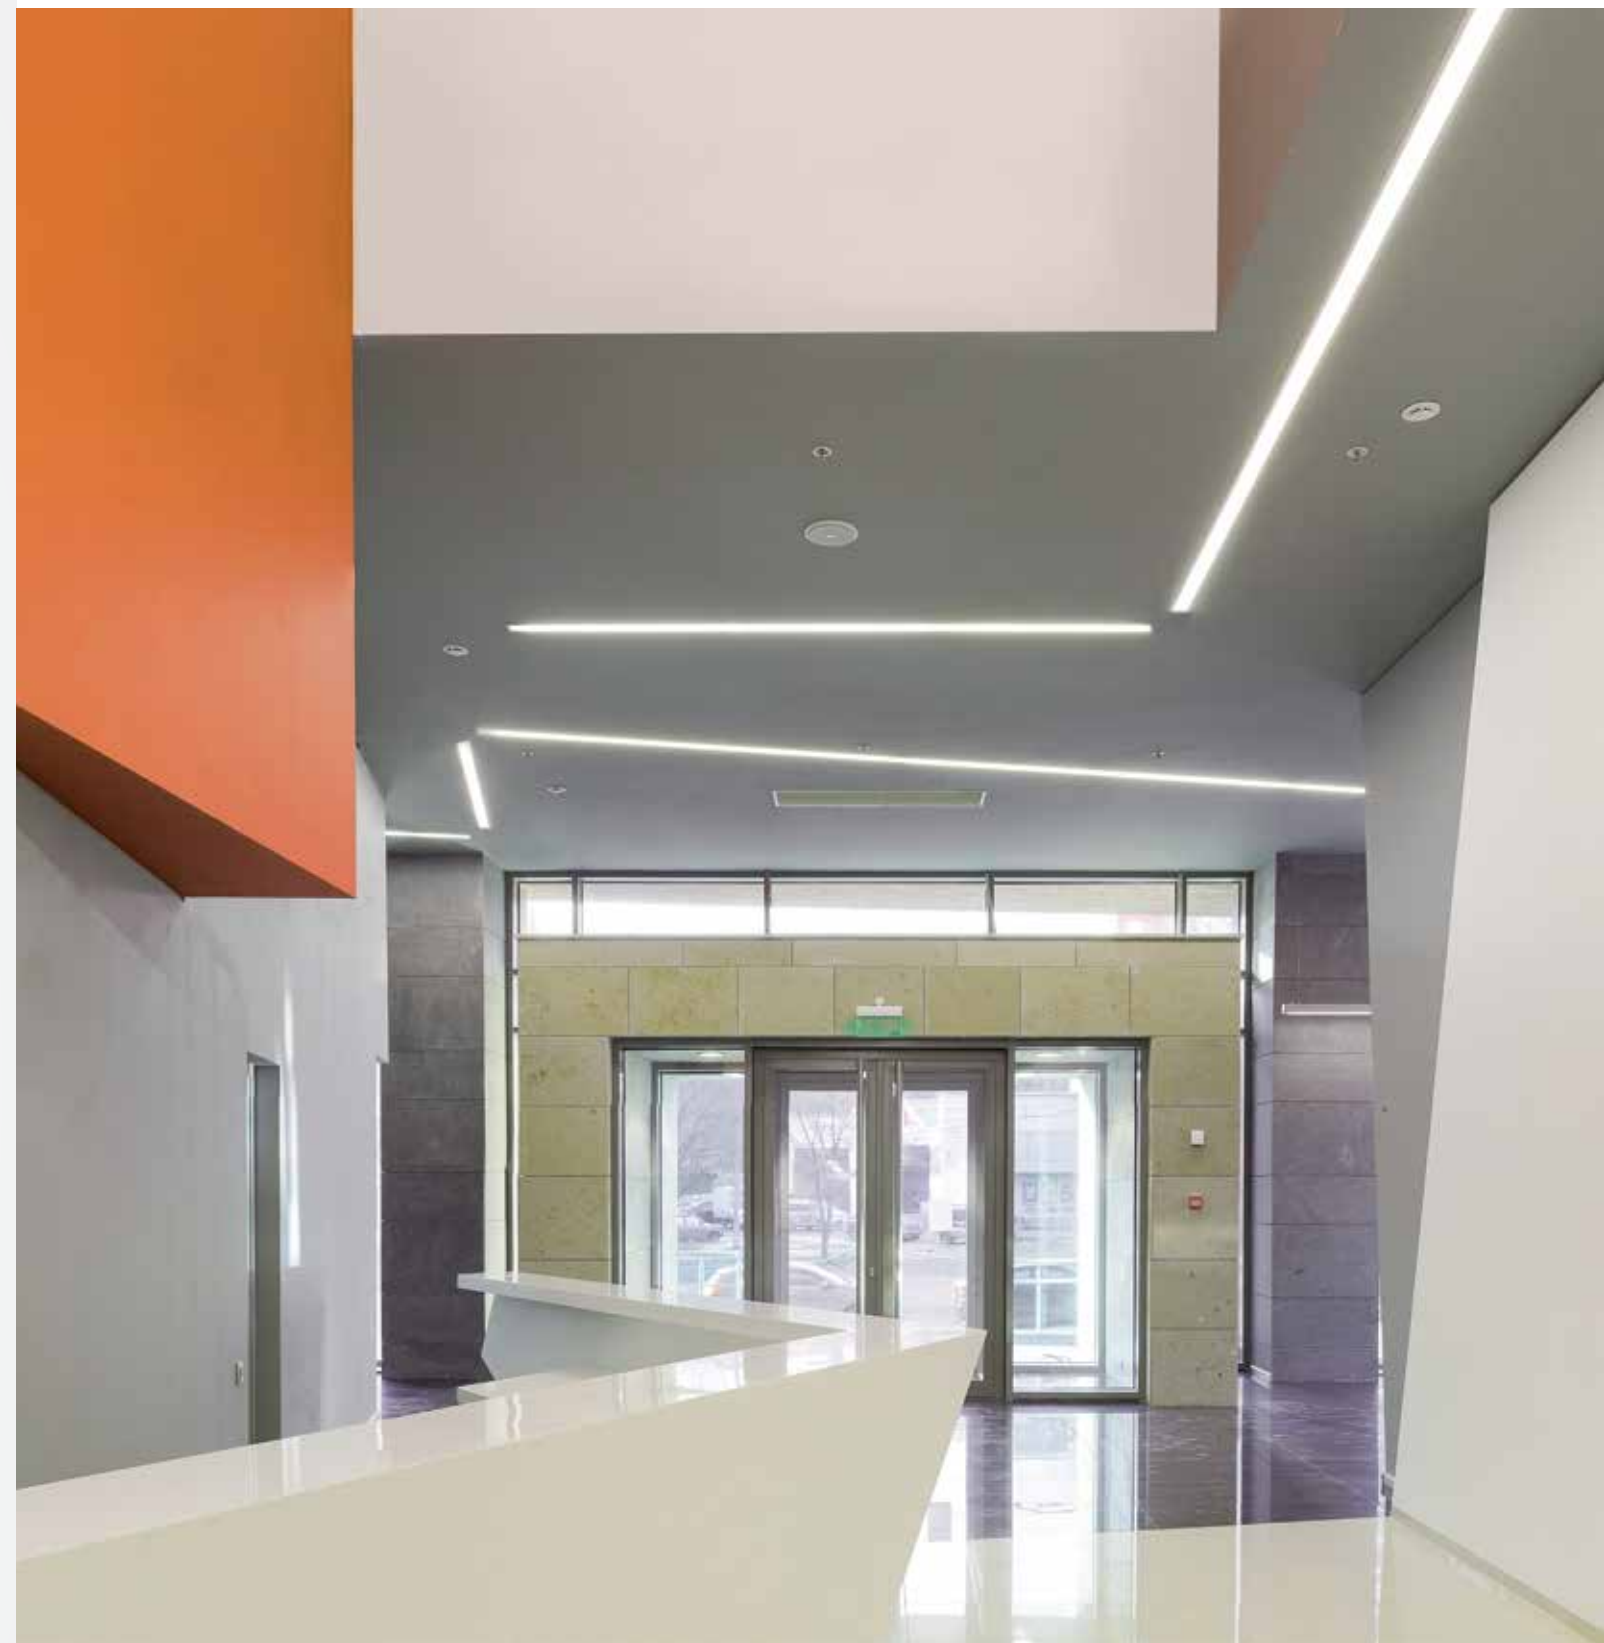

112 Lm / W

3000 K

surface mounting, recessed or pendant

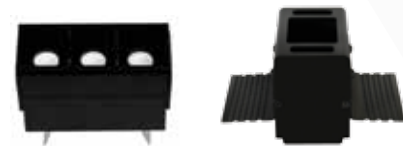

fixed lengths for standard situations

modular, for flexibility in projects

Xline axxent 3

trimless

☐	fixture: 76 x 31 mm
	trimless box: 84 x 45 x 56 mm light
☐	88 x 58 mm
H	71 mm
Colour	black
W	3 x 2 W
LED	Osram - Oslon square 2 W
led lifetime	40.000 hrs
mA	700 mA
lumen	672 Lm
CRI	> 80
Beam	32°
CCT	3000 K
!	driver excl.
	mounting kit incl.
ref	AX32BTR
€	60,00

Xline axxent 3

recessed

☐	90 x 44 mm
☐	83 x 36 mm
H	75 mm
Colour	black / white
W	3 x 2 W
LED	Osram - Oslon square 2 W
led lifetime	40.000 hrs
mA	700 mA
lumen	672 Lm
CRI	> 80
Beam	32°
CCT	3000 K
!	driver excl.
ref	AX32BW
€	48,00

Xline axxent 5

trimless

☐	light fixture: 123 x 31 mm
	trimless box: 131 x 45 x 56 mm
☐	135 x 58 mm
H	71 mm
Colour	black
W	5 x 2 W
LED	Osram - Oslon square 2 W
led lifetime	40.000 hrs
mA	700 mA
lumen	1120 Lm
CRI	> 80
Beam	32°
CCT	3000 K
!	driver excl.
	incl. montagekit
ref	AX52BTR
€	85,00

Xline axxent 5

recessed

☐	137 x 44 mm
☐	130 x 36 mm
H	75 mm
Colour	black / white
W	5 x 2 W
LED	Osram - Oslon square 2 W
led lifetime	40.000 hrs
mA	700 mA
lumen	1120 Lm
CRI	> 80

Xline modular

The Xline profiles can not only be connected individually, but can be applied in a variety of configurations by using a series of modular connecting profiles of different lengths and corner profiles.

This extra flexibility allows to work out more demanding projects to the needs of the customer.

corner profiles

580 x 34 x 80 mm

white	ref: XLC0258WB	€ 48,00
black	ref: XLC0258BB	€ 48,00

connection profiles

610 x 34 x 80 mm

white	ref: XLCP1200WB	€ 88,00
black	ref: XLCP1200BB	€ 88,00

endcap

white	ref: XLCEPW	€ 6,50
black	ref: XLCEPB	€ 6,50

Xline architectural

The **Xline** profiles are standard provided with all the required parts for surface mounted installation.

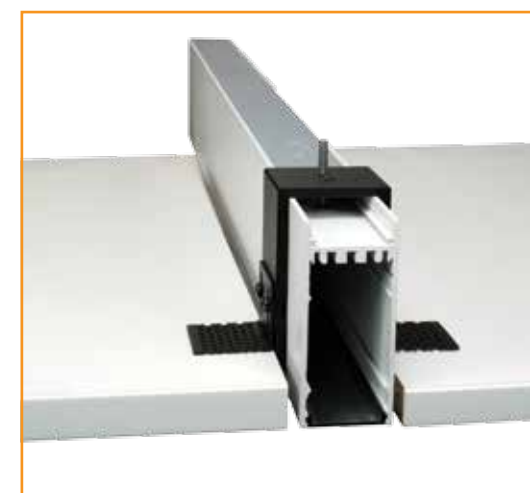

The use of extra available accessories offers architectural solutions to mount the profiles in suspended or trimless application.

ceiling junction box
230 V - cable 150cm incl.
100 x 50 x 40 mm
